

Johannes F. Kraai Du Toit

AI Product Engineer & Solutions Architect

Spijkensisse, South Holland, Netherlands | +31 644 782 660 | jfkproductions@gmail.com | linkedin.com/in/johannes-f-kraai-du-toit-44962b37 | jfkproductions.github.io

EXECUTIVE PROFILE

AI product engineer and solutions architect who turns AI ideas into shipped software: architecture, cloud foundations, full-stack implementation, applied AI, and delivery documentation. Brings 20+ years across Python, C#, React, TypeScript, FastAPI, Azure, AWS, Neo4j, digital twins, computer vision, NLP, and Azure AI/OpenAI.

Best fit: AI Engineer, AI Developer, or AI Solutions Architect roles where hands-on product delivery, cloud architecture, and practical AI adoption matter more than theory.

PROOF AT A GLANCE

20+ years software engineering and architecture	16 active Microsoft certifications
256 Microsoft Learn modules / 42 learning paths	Public products: AI Tools Portal, Mental Priming, GPClone, Chronica Diary

HIRING VALUE

- Current Full-Stack AI Developer at Cyclomedia, building AI-enabled product and modernization work.
- Microsoft Certified Azure AI Engineer Associate and Azure AI Fundamentals, with 16 active Microsoft certifications.
- Delivered digital twin applications using FastAPI, React, three.js, Azure IoT Hub, and Event Grid.
- Architecture depth across Azure, AWS, microservices, API design, Terraform, Docker, AKS, RabbitMQ, Redis, and Kong.

CORE SKILLS

AI & Data: Azure AI Services, Azure OpenAI, Generative AI, LLMs, Prompt Engineering, Computer Vision, NLP, RAG, Neo4j, Graph Data Modeling
Engineering: Python, FastAPI, FastMCP, C#, .NET, React, TypeScript, JavaScript, GraphQL, SQL, Node.js, three.js
Cloud & Architecture: Azure, AWS, Azure Functions, Azure IoT Hub, Event Grid, Terraform, Docker, AKS, CI/CD, C4 Model, TOGAF 9.2

PUBLIC PRODUCT PORTFOLIO

- AI Tools Portal - curated gateway for AI tools, projects, and tutorials - aitoolsportal.ai
- Mental Priming - public 12-minute daily priming app for breathing, gratitude, healing, and goals - mentalpriming.com
- Chronica Diary - offline-first private journal with on-device AI; live on Google Play and Microsoft Store
- GPClone - public portfolio/project link - gpclone.com

SELECTED EXPERIENCE

Full-Stack AI Developer - Cyclomedia Aug 2025 - Present
Build AI-enabled full-stack product capabilities across C#, Python, React, TypeScript, Azure services, and API integrations.
Modernize operational portal code and engineering workflows using AI development tools including Claude, Claude Code, and Claude Cowork.

AI Developer / Full-Stack Engineer - Lionsville B.V. Apr 2023 - Aug 2025
Built digital twin applications with FastAPI backends, React frontends, and three.js 3D rendering.
Connected live data streams through Azure IoT Hub and Event Grid for telemetry-driven digital twin scenarios.

Software Architect / DevOps Engineer - CGI - Rabobank client Oct 2021 - Apr 2023
Developed and integrated monitoring and alerting solutions across Splunk Observability, Splunk, PagerDuty, and Azure Application Insights.

Solutions Architect / Full-Stack Developer - Telesure Investment Holdings 2016 - 2021
Designed, developed, and implemented microservice architecture using Azure Functions on Docker, Rancher on-premises, and AKS in the cloud.

CERTIFICATIONS & LEARNING PROOF

- Azure AI Engineer Associate; Azure AI Fundamentals; Azure Solutions Architect Expert; Azure Developer Associate; DevOps Engineer Expert.
- 16 active Microsoft certifications, 16 exams passed, 256 modules, 42 learning paths, 183+ training hours.
- AWS Solutions Architect Associate; Neo4j Certified Professional; TOGAF; Terraform Associate; Bentley iTwin Associate; Anthropic Claude/AI Fluency certificates.
